Interiors for a healthy and happy living

THE INTERIOR IS A CHOICE OF FREEDOM

Your interiors - at home or work - should reflect your true spirit and choices. While the building is an envelope, the interior is a choice of freedom! Bring the nature inside, adorn the style that you adore, cherish the memories that you love, feel the love and fun, calm your mind and soul and what not. Everything is possible with the right choice of materials and designs. At MODDWELL, we bring to you a wide range of design choices with extensive customization to give life to your imagination. We unravel the next generation of glasses for a healthy and happy living.

From the house of TPRS Glass, a two decades plus group expertized in architectural glass, MODDWELL is an exclusive house of curated designs and materials. We provide a luxurious range of finely-crafted glass solutions tailored to your interior needs in terms of ease of use, energy efficiency, aesthetics, solar protection, and many more.

Architects and home designers are using glass for interior spaces - offices and homes - to make the interior design bold and creative. The use of interior glass offers a refreshing change of style. Using glass creates open spaces. Open and accessible places have many psychological benefits including enhanced mood levels and calmness. As you can see working with glass lets you be creative and improve the division of space.

As an architect or designer, you understand the importance of finding new ways of creating unique and exciting designs that will be a testament to your expertise for years to come.

Unleash your design capabilities and make your space truly yours!

**WE UNRAVEL THE NEXT GENERATION OF GLASSES FOR
A HEALTHY AND HAPPY LIVING.**

GIVE LIFE TO YOUR IMAGINATION

Opening up your creativity and giving life to your imagination, the INNOVINK digitally ceramic printed glasses are your true companions when it comes to UV-resistant, durable, and versatile glass printing solutions. Bring out the finish that you want – metallic, matt, glossy, single or multi-color! Print the design that you prefer – patterns, geometric, photo-realistic etc.

Convert your walls, partitions, balustrades, boards, windows, skylights etc. into ornamental pieces and a medium communication. Bring the nature inside your space – make it summer or winter, forests or mountains, flora or fauna. Let them speak what you want to convey!

”

OPENING UP CREATIVITY & GIVING LIFE TO YOUR IMAGINATION

TPRS INNOVINK

DIGITALLY CERAMIC PRINTED GLASS

DURABLE

UV RESISTANT

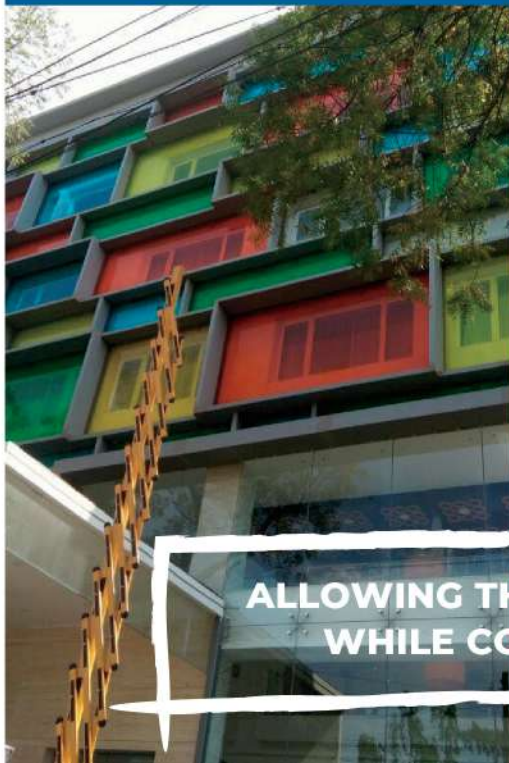

VERSATILE

INNOVATIVE COLORED GLASS

Allowing the daylight to penetrate while coloring the light rays, these panes of glass laminated together with colored inter-layers providing enormous protection from shattering and UV rays.

Preferred for skylight, balustrade, partitions, and similar applications for their safety and translucency.

**IT PROVIDES
ENORMOUS
PROTECTION
FROM
SHATTERING
AND UV RAYS**

**ALLOWING THE DAYLIGHT TO PENETRATE
WHILE COLORING THE LIGHT RAYS**

TPRS WIZARDGLASS

PROVIDING PRIVACY ON DEMAND

HELPS IN SAVING FLOOR SPACE

Providing privacy on demand, wizard glass is an excellent choice when you want your glass partition to be opaque when you need and transparent when you wish. You can also use this as a projection screen for rear/ front projections. This also helps you save floor space and keep your space safe and low maintenance by avoiding curtains.

Preferred for shower cubicles, partitions, windows, and similar applications for their flexible nature.

SWITCH ON TO MAKE IT CLEAR AND SWITCH OFF FOR OPAQUE

ENHANCING PRIVACY AND AESTHETICS

These design glasses with different types of patterns and textures allow you to have ample light transmission with sufficient privacy.

Preferred for partitions, doors, windows etc. for their privacy and aesthetic features.

TPRS DESIGN GLASS

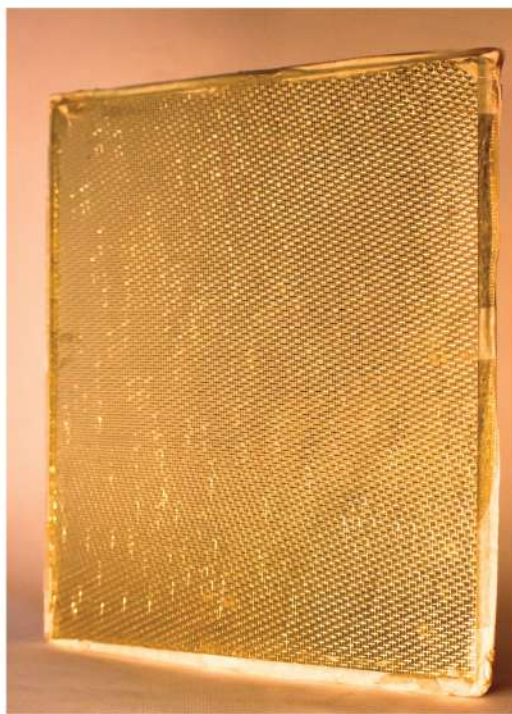

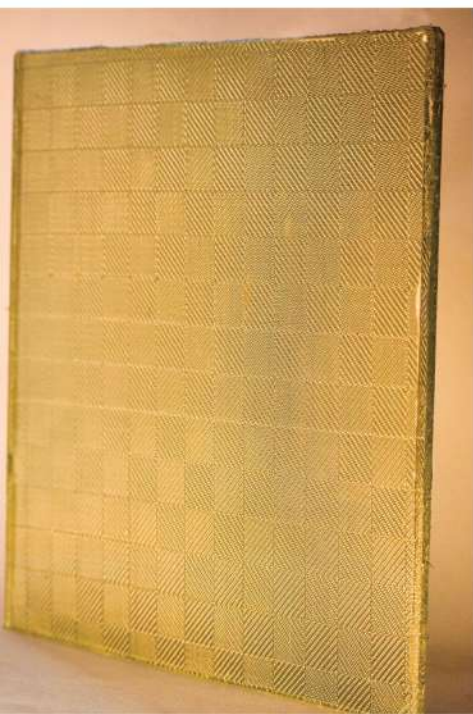

TPRS LAMISAFE

- Protects you and your family from risk
- Noise reduction
- UV Resistant
- High level safety
- Security varies from case to case

Protecting you and your loved ones from any risk of injury or burglary, laminated glass has varying levels of security options to choose from.

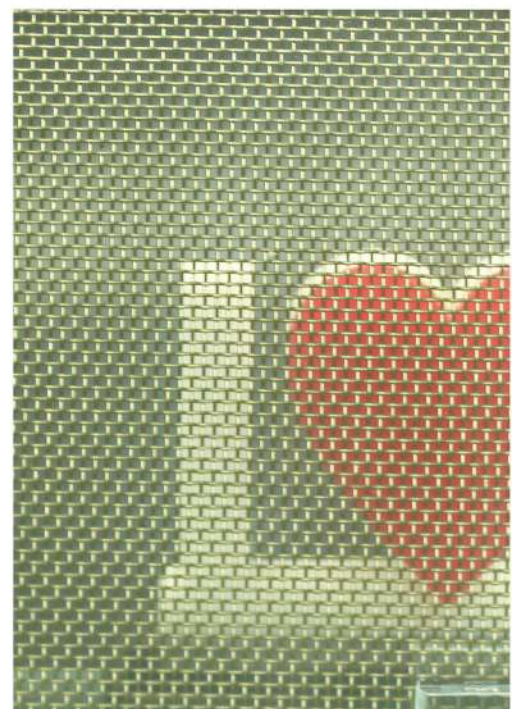

Preferred for doors, windows, skylights, balustrades etc. for their high level of safety, noise-reduction, and UV resistance

MESH / FABRIC LAMINATED GLASS

Enhancing the ornamental and functional outlook, these panes of glasses laminated with finely woven materials provide you a wide variety of design choices. Your choice can be tailored to the colors, designs, patterns, textures, levels of light transmission required etc. This also helps you save floor space and keep your space safe and low maintenance by avoiding curtains.

Preferred for wall claddings, partitions, balustrades, doors etc. for their high ornamental capability.

TPRS LAMISAFE - SPECIAL LAMINATES

GEORGIAN BAR INTEGRATED IGU WINDOWS

HIGH LEVEL AESTHETICS

LOW MAINTENANCE

Enhancing the safety and aesthetics of your windows, these glass panels with integrated Georgian bars come in a variety of colors and metallic shades. These are preferred due to their high level of aesthetics and low maintenance as they remain dust-free.

AVAILABLE IN VARIOUS METALLIC SHADES

INTEGRATED IGU BLINDS

Providing privacy on demand, these glass panels with integral blinds operated manually or with motorized systems, help you save floor space and keep your space safe and low maintenance by avoiding curtains.

Preferred for doors, windows, partitions etc. due to their compactness and privacy

PRIVACY ON DEMAND

SLIM SLIDING DOOR

Saving floor space and increasing the ease of use, these sliding door systems can be used for an open office environment - framed or frameless glass walls for conference rooms or glass walls that let you be part of the action. Create compact doors systems that blend with the environment without distracting the occupants.

EASY TO USE

SHOWER CUBICLES AND ENCLOSURES WITH WATER-REPELLANT GLASSES

Add luxury and comfort to your showering experience with the elegant shower enclosures by ModDwell. Water-repellant glasses make it easier to maintain and ensure a long lasting clarity on the glass. These enclosures are hygienic, corrosion-resistant, leak-proof, and easy to maintain.

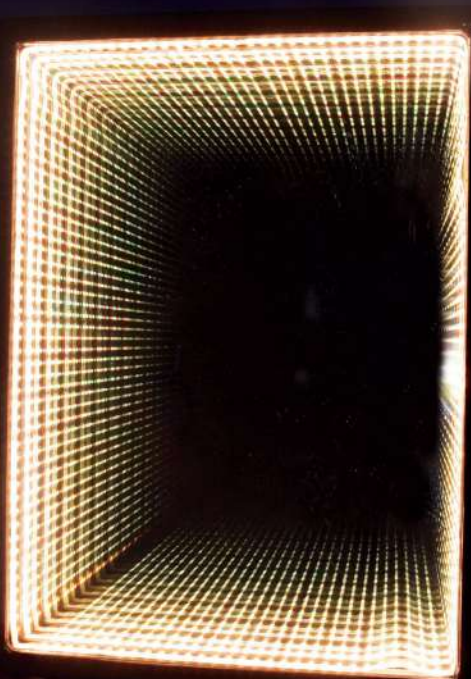

MIRROR WALL PANELS

Beauty and royalty combined in the uniquely designed beveled mirror wall panels! Mirrors reflect the real you and make the space look larger and more exquisite. These elegant mirror wall panels come in different colors, shapes, sizes, and designs to suit your taste and ambience.

Immerse yourself in the deep and absorbing infinity mirrors! It can make the space lively while calming your inner self at the same time. These endless and seamless infinity mirrors are tailored to your taste and hand-made to ensure high level of perfection. Swish and twirl into your memories.

Preferred for wall claddings, partitions etc. in spaces like the ball rooms, wall décor, living rooms etc. for their shine, shimmer, and reflections!

GROOVED GLASS PANEL

<http://www.verrage.com/vgrooving.html>

Why should the glass surface always be smooth when you can groove it to create exclusive finishes that shine like the uncut or finely-cut diamonds? Grooving provides a very versatile and tailor-made solution to enhance the aesthetics of the glass and make your interiors look royal and exquisite. When combined with colors and other lamination materials, grooved glass panels can attain very high ornamental beauty!

Preferred for wall claddings, partitions etc. in spaces like the ball rooms, wall décor, living rooms etc. for their shine, shimmer, and reflections!

EXCLUSIVE FINISH

INNOVATIVE

VANITY MIRROR

with LED Light & Sensor

Take your interior design to a new level with our latest collection of luxury led mirrors, created specifically to promote companionship, as well as enhance your design inspiration and freedom, while being reliable and of easy maintenance.

We have set out to help you create ultra-fashionable elegant interiors that stand out. Let your creativity inspire bold designs, featuring unique exquisite LED mirrors, which will bring smooth light and luminous glow to your home, creating an unparalleled ambience and giving your daily beauty routines a new look and feel.

Our LED mirrors are not only beautifully-crafted and stylish, they also are functional and very convenient in use due to their anti-fog function and the touch-sensor operations. Forget about installing additional lights, trying to find the right angle to have a better look at yourself, as with the bright warm or cool light (your pick) diffused from behind the frosted glass, you will always get an ideal even glow. Led mirror is just what your home needs for a superb luxurious design touch.

LED ILLUMINATED SIGNAGE

HIGH LEVEL AESTHETICS

ANTI-SKID FLOORING

- Anti-skid glasses make your flooring and walls safer by adding to your grip and safety. It makes the glass non-slippery!
- It is a safe option for any Glass bridges/ washroom walls etc. where you want the elegance of glass with a safe grip.

SLIP RESISTANT

ANTIQUUE MIRROR

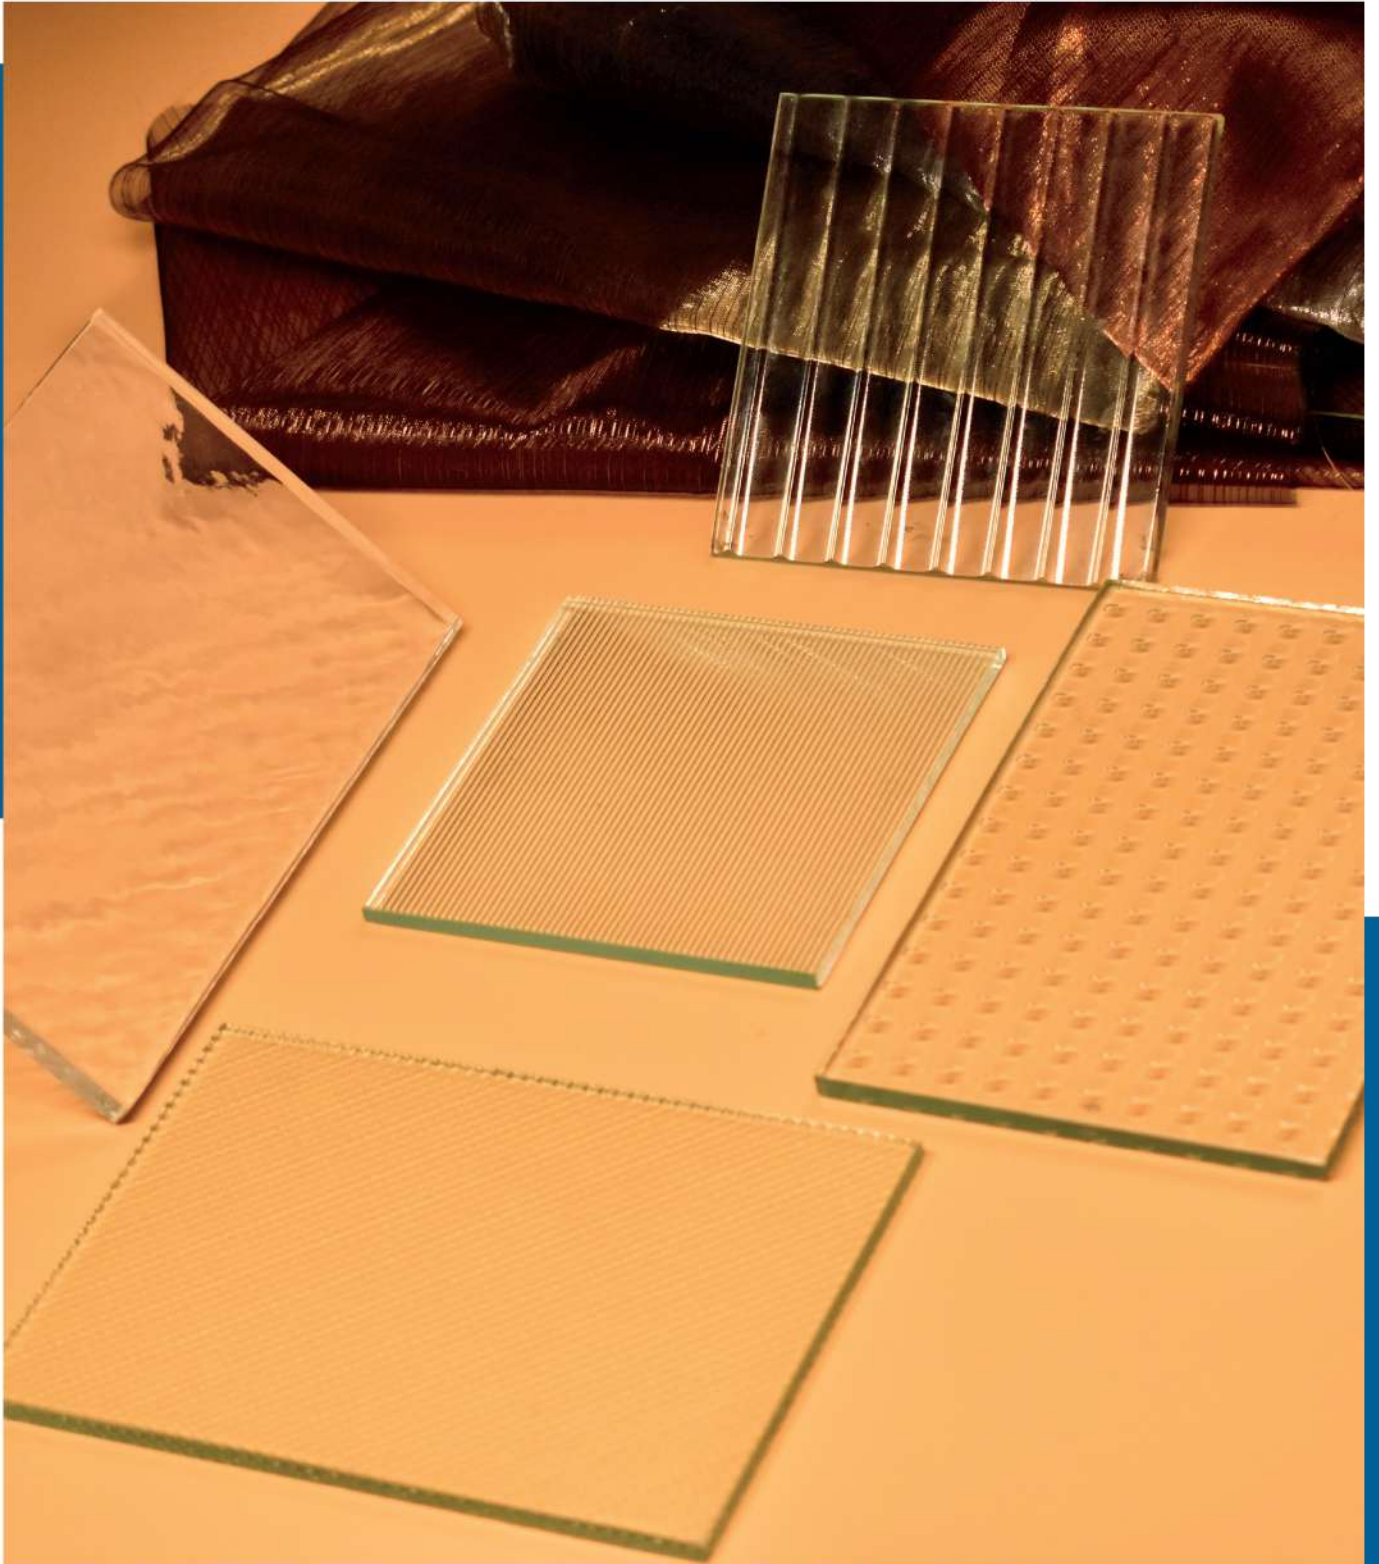

Preferred for wall cladding, wardrobe covers etc. where the theme is royalty and richness.

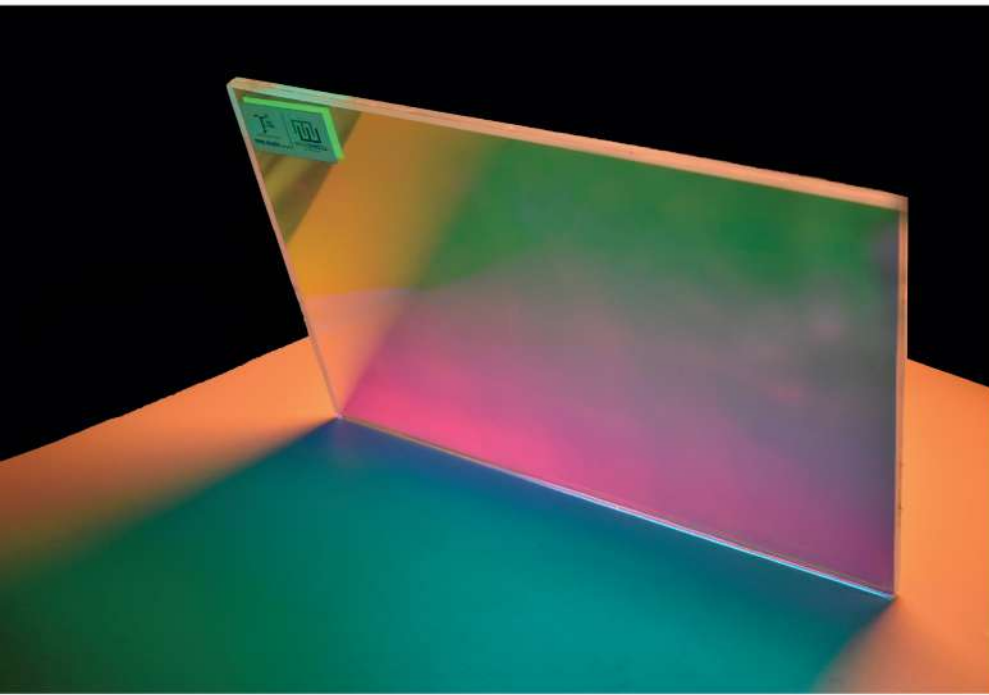

Antique artifacts are always rare and thus harder to find. But here we give the mirrors an antique rusted look to add more antiquity and royalty to your interiors!

PATTERN GLASS

Rainbow glass

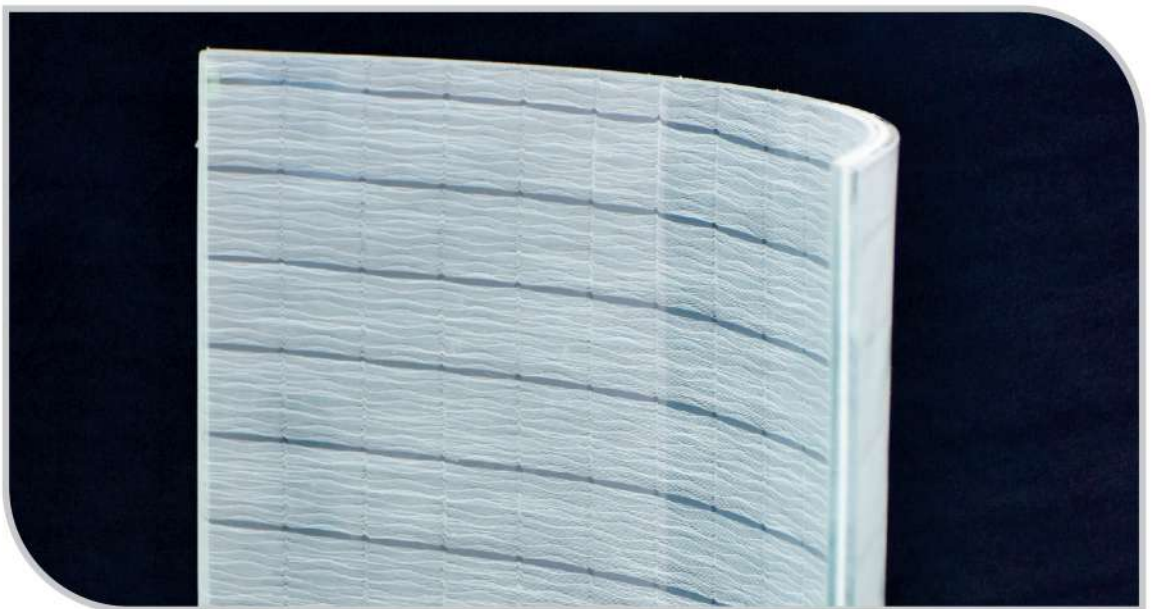

This exciting glass changes its color theme depending on the light path/ sun path. Just like the cooling sunglasses or the back of a CD disk - just imagine your walls and signage shining and shimmering in light!

SHADE FROSTED GLASS

Frosted or privacy glasses need not be boring and dull always in white! Add some colors to your privacy with the shade frosted series.

CURVED GLASSES

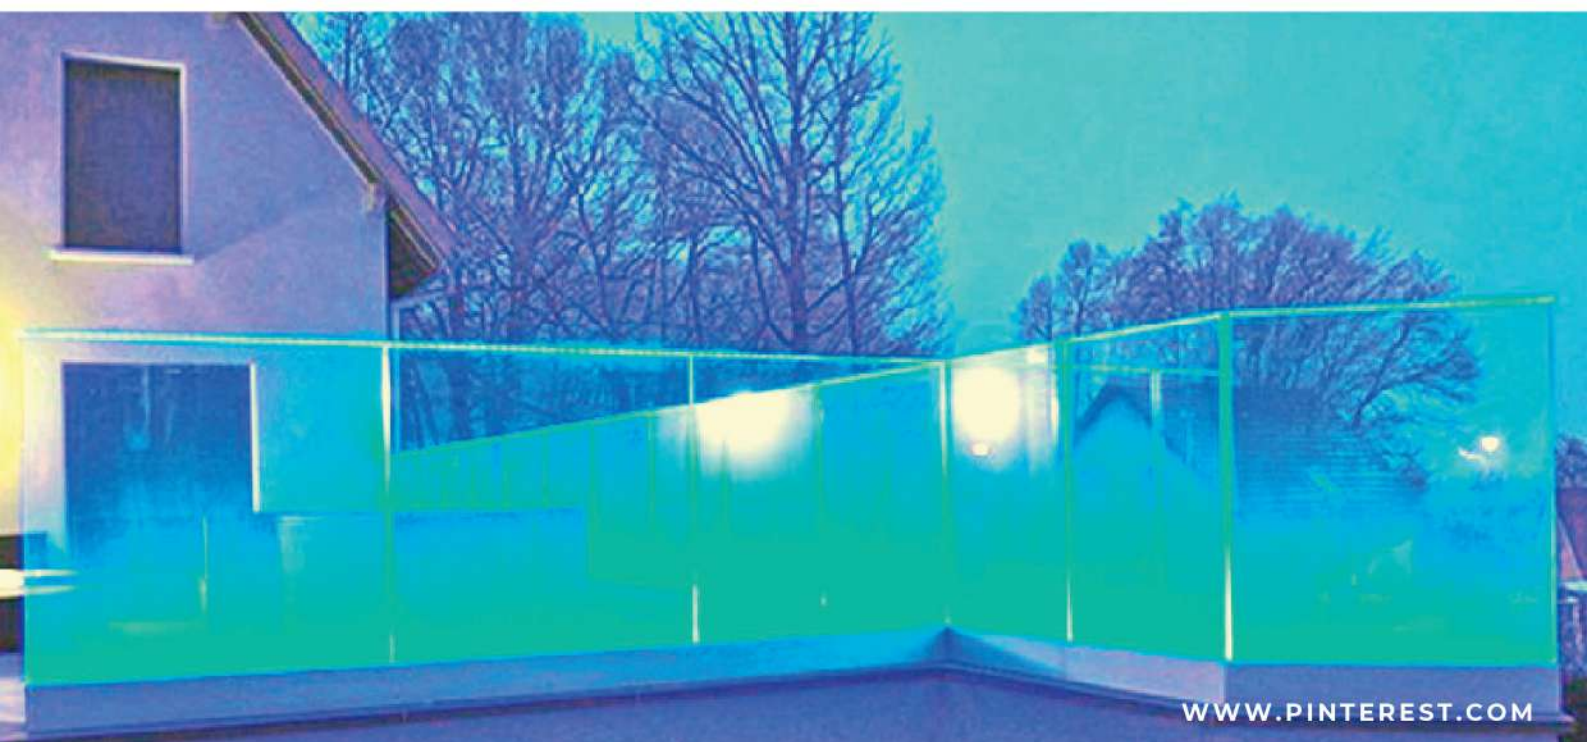

When you can have unobstructed views, high design freedom, lovely curves in your architecture, why restrict to just flat glasses? Go ahead and unleash your creativity with the extensive range of curved glasses to suit your interiors.
