- No Lighting

De-Fogger

Elevate your journey with Moddwell mirrors, where sleek design meets modern functionality. Our mirrors bring an air of sophistication to any elevator interior, reflecting light and creating a sense of spaciousness. The seamless integration of LED technology enhances the experience, offering a soft glow that complements the contemporary aesthetics. With Moddwell, every ride becomes a reflection of elegance and innovation.

INNOVINK GLASS

DURABLE

UV RESISTANT

VERSATILE

Digitally printed glass in elevators brings a bold fusion of art and innovation, turning ordinary rides into visual experiences. With cutting-edge technology, the vibrant prints are fused directly into the glass, ensuring they never fade or lose their brilliance over time. These durable, high-resolution designs add a personal touch to elevator interiors, offering endless possibilities for customization. Whether it's subtle patterns or striking visuals, digitally printed glass elevates both style and function with enduring beauty.

LAMISAFE

DURABLE

SHATTERPROOF

VERSATILE

Special interlayer laminated glass in elevators enhances safety with its shatter-resistant design, ensuring a secure ride. Its sound-dampening properties provide a quieter, more serene atmosphere. With built-in UV protection, it preserves the elevator's interior from fading, while offering customizable designs that bring style and durability to every journey.

LAMISAFE - Special interlayers

- Provides extra strength and shatter resistance
- Unique patterns, textures, or colors within the interlayer, adding a personalized touch.
- Maintains clarity and performance, even under high usage, for a lasting premium feel.
